HISTORY OF BERRY BROS. & RUDD

Berry Bros. & Rudd is Britain's oldest wine and spirit merchant and one of the oldest in the world, having traded from the same shop in London's fashionable St James's for over 310 years. Today the present generations of Berrys and Rudds continue to manage the family-owned company.

The business was officially established in 1698 by the Widow Bourne at 3 St James's Street opposite St James's Palace. The company evolved from selling provisions, exotic spices, tea and coffee to, ultimately, fine wines and Scotch Whisky. By 1765, Berrys not only supplied the fashionable 'Coffee Houses' of St James's (later to become Clubs such as Boodles and Whites) but also began to weigh customers on giant coffee scales specially erected for the purpose. Records of customers' weights spanning three centuries still exist and are added to, to this day.

Berrys first supplied wine to the British Royal Family during the reign of George III and has continued to do so to the present day. Our first Royal Warrant was awarded in 1903 by King Edward VII and today we hold two Royal Warrants for H.M. The Queen and H.R.H. The Prince of Wales.

Despite Berrys' history and belief in traditional standards of service and quality it is also extremely innovative. In 1923 Francis Berry and Hugh Rudd challenged existing Scotch Whisky standards by producing the first naturally-coloured blended Whisky: Cutty Sark Scots Whisky. In 1994 it launched one of the first online wine shops **www.bbr.com** which is now regarded as Britain's leading wine website. The business has continued to expand into new markets and now has shops in London, Basingstoke, Dublin and Hong Kong, and has recently opened an office in Tokyo.
